Space Planning & Design

For your office to function to its full potential it requires an office layout which both maximises the available floor area and overcomes any problems which could interrupt the flow. We can provide you with detailed floor plans and computer generated 3D rendering to assist you in making the right decisions with your office design and furniture layout.

Furniture & Chairs

We provide a comprehensive range of office furniture. We have researched and spent considerable time selecting the right manufacturers to partner with, to accommodate all our clients' requirements. Our stylish office furniture ranges offer everything from luxury executive furniture packages to cost effective options for those who are working on a tighter budget.

We offer a complete range of office desking, office chairs, ergonomic chairs, workstations, credenzas, bookcases, filing cabinets, storage wall and reception furniture.

Breakout

We provide breakout seating which can be a combination of contemporary shapes, pods, booths and floor standing screens. Create your own environment with our wide range of furniture, perfect whether needing privacy, wanting to socialise or function within a considered environment.

Reception

From simple straight desks that suit a single person through to curved desking, left or right handed options, all our desks are available in simply amazing range of colours, materials and finishes with extra options such as LED lighting.

For more bespoke requirements, we work with one of the UK's leading manufacturers and can design simply exquisite desking options to suit virtually any requirements or environments.

Kitchens and Washrooms

Kitchen

We can design, supply and install kitchens from a simple tea point to a full kitchen refurbishment.
